9.8 Suspensions and State representation

Any TUHA member suspended for an aggregate period (the aggregate of all suspensions, within a two year period) of 5 weeks or greater (including activated suspended sentences), will not be endorsed by the TUHA Committee to represent the State in any playing or coaching capacity, at any UHA event outside of Tasmanian local competition, or at any National competition within Tasmania, for twelve months post the commencement of their penalty (in the case of a repeat offence, this is the date of the second offence). Any such player who has already been selected in a team(s) or position for the aforementioned will be withdrawn from that team(s) or position.

10 Time Penalty Accumulation

Time penalties awarded against individual players and teams will be recorded on the team sheets by the Deck Referee. These will be recorded each week, alongside game results, best and fairest vote recipients, and goal scorers.

10.1 Individual time penalties

Where an individual player accumulates a total of (10) minutes (threshold 1) in time penalties they will be suspended for the subsequent game for that team (this includes finals, or the initial game(s) of the following pennant). 10.2 Team time penalties

Where a team accumulates (combined total of all players, including any substitutes) a total of (12) minutes in time penalties that team will be penalised one penalty point. For every further (6) minutes the team accumulates they will be penalised a further penalty point.

The remaining minutes of the accumulated totals will be carried over into the new pennant. These carried over time penalties will also contribute to the overall team totals.

11 Player movement between teams and grades

11.1 Introduction

11.1.1.1.1 Players considering changing grades or teams have the following options:

1. Recruiting, in either of the following capacities:
 - a) As a Recruit (see Section 10.2);
 - b) As a Reverse Recruit (see Section 10.2),
2. To nominate to enter the Draft for the grade in which they wish to play;
3. Through an agreement where team Captains trade players;
4. Through the agreement of other captains within the applicable grade, with TUHA committee endorsement.

11.2 Recruitment

11.2.1.1.1 The recruitment process has two primary goals:

1. To smooth the transition of players moving to a different grade; and
2. To increase the pool of available players seeking to join teams in other grades.

11.2.1.1.2 It also provides a mechanism with which the TUHA Committee can provide assistance to teams either requiring coaching and development or requiring additional players to ensure sufficient numbers for the teams to remain viable.

11.2.1.1.3 There are two types of recruit:

1. Recruit
 - A player playing in a team in the grade above their registered grade
2. Reverse Recruit
 - A player playing in a team in the grade below their registered grade.

11.2.1.1.4 For the purposes of these By-Laws, the primary team or grade a Recruit or Reverse Recruit is registered in is to be referred to as the "Registered team", and the team they are recruiting to is referred to as "Recruit team".

11.2.1.1.5 A player in any grade wishing to permanently move to another grade may become a Recruit as per the process described in this section. A Recruit will be considered a full member of his/her Recruit team.

11.2.1.1.6 Once a Recruit has been approved to play in a team in another grade, the recruit must inform the Captain of his/her registered team that they are being recruited by a team in another grade.

11.2.1.1.7 Players who accept recruitment must intend to move to that grade. The recruit system was not implemented to simply allow players to play multiple games each night.

11.2.1.1.8 Recruits should play as many games with their Recruit team as possible. In the event of a clash in game times between a Recruit's registered team and their Recruit team, the Recruit will play for his/her registered team, failure to do so may result in a penalty point being deducted from the recruiting team.

11.2.2 Recruits (players playing up a grade)

11.2.2.1.1 A player wishing to play as a Recruit may:

- Be 'personally' recruited by a team Captain from a higher-grade team, or;

- Ask the TUHA Grading Committee to assess him/her for placement in a team in another grade, and for the TUHA Committee to organise the placement on behalf of the player, once the player is deemed suitable for that grade.

11.2.2.1.2 Individuals can only be considered for recruitment in a grade if

- they haven't previously played in that grade (or a higher grade) (this excludes players that didn't proceed beyond being a recruit in the grade) within the last 5 years.
- These players should move between grades via the draft.

11.2.2.1.3 Where a team wishes to recruit any player, the team Captain must apply to the TUHA Committee (Vice President) for approval to recruit that player to their team, and formal approval must be received from the TUHA committee (Vice President) before the player can be formally recognised as a recruit for that team.

11.2.2.1.4 The TUHA committee must action any such Recruit player request within 2 weeks of receiving the request.

11.2.3 Reverse Recruits

11.2.3.1.1 A Reverse Recruit may be either:

- A player wishing to play in a lower grade;
- A player that has been placed in a team or lower grade in a coaching and/or mentoring role (usually in developmental C grade teams) by the TUHA Committee.

11.2.3.1.2 A player wishing to recruit to a lower grade (or the Captain of the team proposing to include the player) must apply to the TUHA Committee (via the Vice President) via email or similar.

11.2.3.1.3 The player and proposed team (with any supporting information) will then be circulated by the Vice President to the Captains of the lower grade for consideration (either at the captains meeting, or via email).

11.2.3.1.4 The Captains of that grade will adopt one of the following options:

- Reject the proposed player as still being at a level too high for the grade;
- Accept the proposal for the player to move to the proposed team;
- Accept the proposal, but impose conditions on the move to the proposed team.
- Reject the player moving to the proposed team, and recommend that he/she move to another team requiring players.

- 11.2.3.1.5 The Captains need to agree on the team for the player. If a simple majority decision cannot be made then the Vice President has the casting vote, except where the Vice President has an interest (e.g. if the Vice President is the team Captain or is a player in the team concerned). In such case another member of the Executive Committee (usually the President) will provide the casting vote.
- 11.2.3.1.6 It is the responsibility of the team captain to ensure that any reverse recruits are always marked as such on the team sheet with (RR) next to their name.
- 11.2.3.1.7 Once a player has been accepted into any grade as a Reverse Recruit, if the majority of Captains within that grade subsequently deem that player to be at too high a standard (skills/performance wise) to continue as a Reverse Recruit, that player will be asked to play in his/her higher grade only.
- 11.2.3.1.8 It is the responsibility of the Captains to monitor the performance of Reverse Recruits in their grade. This rule can only be applied up to the completion of a full round of games for that grade (5 weeks for C grade, 7 weeks for B Grade).
- 11.2.3.1.9 Any new player entering any grade will be deemed to be a Recruit for the first five games, and his/her progress monitored during that period by the TUHA Committee and the Captains of that grade. If the player is deemed to be of too high a standard (skills/performance wise) for the grade, he/she will be asked to move up a grade, or move between teams to ensure a fairer, more even competition.
- 11.2.3.1.10 Where a team has more than one Reverse Recruit listed in their team list, only one Reverse Recruit is allowed to play for that team in any game.

11.2.4 Scheduling clashes

- 11.2.4.1.1 When there is a scheduling clash between a Recruit player's two teams (Registered team and Recruit team), he/she must play for his/her Registered team.
- 11.2.4.1.2 If a player does play for their recruit team, instead of their registered team the recruit team may be penalised as per section 13.2.

11.2.5 Recruitment Duration

- 11.2.5.1.1 It is generally considered that Recruit players will require at least two pennants as a Recruit before they can be obliged to make the transition to the higher grade.
- 11.2.5.1.2 Prior to the beginning of each pennant, each Recruit player will be assessed as to his/her suitability to move permanently into the higher grade. This can be assessed in the following ways:
1. The player can choose to move to the new grade (i.e. become a registered player in that grade);
 2. After two pennants as a recruit the player's captain in the higher grade requests they are ready to move up grades (this can only occur prior to, or after a pennant).
 3. The TUHA Grading Committee or TUHA Committee recommends the player moves to the new grade;
 4. A majority of Captains in the grade in which the Recruit is registered can request that the Recruit move to the new grade, with the consent of the TUHA Committee (decided at the Captains meeting).
- 11.2.5.1.3 In the abovementioned cases, the Captain of the Recruit team in which the Recruit has been playing can:
- Formally accept the Recruit into the team as a full, 'permanent' member of the team, or;
 - Release the Recruit into the draft for that grade.

- 11.2.5.1.4 If the Recruit player is not selected by any team in the draft then he/she will remain as a player in his/her registered team and remain eligible to be recruited again by the processes described in this section
- 11.2.5.1.5 It is generally considered that Recruit players will require at least two pennants as a Recruit before they can be obliged to make the transition to the higher grade.
- 11.2.5.1.6 Once a player has been accepted as a recruit, the captain of their registered team should begin to plan for the players elevation and look to find replacement players.
- 11.2.5.1.7 If a player refuses to move up when requested then that player will no longer be considered a recruit and will be ineligible to be a recruit for at least two subsequent pennants.
- 11.2.5.1.8 While it is generally accepted that recruits will move into the teams they are playing in, the TUHA committee reserves the right to move recruits for the overall benefit of the competition.

11.2.6 Reverse Recruit duration.

- 11.2.6.1.1 There is no fixed duration for Reverse Recruits.

11.2.7 Timing of recruitment of Recruits in the pennant

- 11.2.7.1.1 Teams will not be permitted to take on Recruit players after Week 10 in a pennant. This is to prevent teams adding Recruits prior to the pennant finals, or to circumvent players entering the draft.

11.2.8 Recruits (including Reverse Recruits) playing finals

- 11.2.8.1.1 A Recruit or Reverse Recruit is eligible to play for his/her Recruit team in a finals series, regardless of the number of games the Recruit has played for his/her Recruit team in the pennant.
- 11.2.8.1.2 However, if the Recruit's registered team has a finals game at same time (i.e. a clash) as that of his/her Recruit team, the Recruit must play for his/her registered team.

11.2.9 Recruit numbers

- 11.2.9.1.1 Each team can have the following number of Recruit players:
 - Up to two Recruits in their team, providing that approval for each Recruit has been given by the TUHA Committee, however total team list numbers cannot exceed twelve (including any Recruits and Reverse Recruits);
 - Two Reverse Recruits, providing that approval for that Recruit(s) has been given by the TUHA Committee and endorsed by a majority of Captains in that grade (however only one can play in any game).
 - Making a total of three Recruits/Reverse Recruits in each team.
- 11.2.9.1.2 The TUHA reserves the right to allow additional Reverse Recruits to play in any team, in order to allow for the development of players, or to allow for equal competition within grades

11.2.10 Recruits playing in other teams

Recruits are permitted to play up to 5 additional games in teams other than their Recruit team.

11.2.11 Team Captain's responsibilities to Recruits

- 11.2.11.1.1 It is the responsibility of the Team Captain to ensure Recruits in his/her team are given instruction in the skills and rules of the game, with the aim of improving the standard of the Recruit as quickly as possible.
- 11.2.11.1.2 A team which takes on a Recruit but then subsequently finds they cannot fit the Recruit into the team, due to excess player numbers, must advise both the Recruit and the TUHA Grading Committee immediately. In such cases every effort will be made to find another team in the higher grade for the Recruit, if he/she wants this.

11.3 Draft

11.3.1 Introduction

- 11.3.1.1.1 The purpose of the draft is to help facilitate a balanced and even competition by ensuring that teams finishing lower within a grade have first choice of any players wishing to change teams, or of new or returning players who have not followed the recruitment process for moving into other grade.
- 11.3.1.1.2 The draft will be held at the pre-pennant Captains meetings for all three grades.

11.3.2 Captains meeting

- 11.3.2.1.1 The captain's meetings will proceed in the following order:
1. A Grade, once completed then;
 2. B Grade, once completed then;
 3. C Grade.
- 11.3.2.1.2 The primary purpose of the captains meeting is to determine player movements via the draft and via other methods. Captains may also use the meeting as opportunity to discuss with the Vice-President and other attending Committee members any concerns and also to make requests in regard to the pennant and roster.
- 11.3.2.1.3 Each team should endeavour to have either their Captain or Vice-Captain attend the captains meeting for their grade. In the event that the neither the Captain or Vice-Captain can attend then the Vice President will be advised as to who the proxy (if any) will be.
- 11.3.2.1.4 In the event that a Captain, Vice-Captain or proxy cannot attend the meeting either in person (or by other means, such as video or phone hook-up), or has not provided the Vice-President with details of draft selection preferences, then that team is deemed to have passed on any selection available.
- 11.3.2.1.5 Discussions in the meeting will proceed in the following order:
1. Ratification of any trades;
 2. Returning players;
 3. Assessing requests for Recruits and Reverse Recruits;
 4. Assessing Recruits already within the Grade;
 5. Draft;
 6. General business.

11.3.3 Timing of Draft

- 11.3.3.1.1 A draft will occur prior to each pennant and will be incorporated into the respective Captains meeting for each grade, with the following timing:
- For the Autumn pennant or Pennant 1, at least 2 weeks prior to the pennant commencement;
 - For the Spring pennant or Pennant 2, if possible, at least 1 week prior to the pennant commencement.

11.3.4 Draft timetable

11.3.4.1.1 Three (3) weeks prior to the nominated date for the respective grades Captains meetings, the TUHA Vice President will communicate to all members for the following:

- To advertise the upcoming Captains/draft meetings by appropriate means, to reach as many TUHA members as possible;
- To request the names of players interested in nominating for draft selection. A player intending to enter the draft must submit his/her name and contact details according to instructions given, and notify the Captain of his/her current team of his/her decision to participate in the draft selections;
- To request from Captains the names of any players in their teams who they wish to submit to the draft process;
- To request the names of players interested in being a Recruit or a Reverse Recruit (players who are not already a Recruit or Reverse Recruit, or those wishing to change Recruit teams). A player intending to recruit must submit his/her name and contact details according to instructions given, and notify the Captain of his/her current team of his/her decision to seek a placement as a Recruit or Reverse Recruit.

11.3.4.1.2 At least two (2) weeks prior to the Captains meetings, the TUHA Vice President will request the following from all Team Captains:

- A list of players in the team;
- Details of player movements;
- Status of Recruits and/or Reverse Recruits in the team, including those already in the team and those planned;
- Players who wish to be nominated for the draft;
- Any player trades negotiated with other Captains

11.3.4.1.3 These lists/details must be supplied to the Vice President at least 1 week prior to the day of the captains meetings.

11.3.4.1.4 At least 2 days prior to the captains meeting, the Vice President must provide to all A, B and C Grade Captains a list of all known draft nominees relevant to the respective grades. Prior to circulating this list, the Vice President will need to confirm the accuracy of all nominations with the listed nominating players.

11.3.5 Draft and team administration

At the Captains meeting (and throughout the pennant) the Vice President (or nominee) will do the following:

- Record the draft order;
- Record all player movements; in the draft, as Recruits, and players moving into teams with consent of the Captains and the reasons for the moves (e.g. returning from injury or maternity);
- Maintain a central register of all teams, draft picks and player movement details, recorded at the Captains meetings;
- Circulate final team player lists to all Captains in each grade via email within 48 hours following the Captains meetings. Captains then have 48 hours to register any changes, via email to the Vice President, before these lists become final;
- Any further alterations to the team lists within a grade must be approved by the TUHA Committee, and where required, with a majority endorsement of the Captains for the relevant grade.

11.3.6 Draft order

The order of team rankings for draft selection purposes will be based on the following:

- For those teams that competed in the pennant finals, draft order will be based on final team position in which they exited the finals series.

- Winner – last
- Grand Final Loser – Second last
- Preliminary Final loser – Third last
- Loser Semi Final 2 (3rd vs 4th) – Fourth last;
- For those teams that didn't compete in the pennant finals, draft order will be determined by their final ladder position.
- Any penalty points awarded against those teams during the pennant will be added to their points total to determine their position.

11.3.7 Draft process

- 11.3.7.1.1 Draft picks will occur in ascending order of the pennant ladder ranking as outlined in 10.3.6, i.e. the last placed team at the end of the preceding final series has first pick, and the top team has last pick. This process is repeated until all players have been chosen or rejected, or until teams are full.
- 11.3.7.1.2 A team that chooses to forfeit their pick in the draft cannot utilise it at a later date.
- 11.3.7.1.3 Once the A grade draft has been finalised, the Vice President will contact all unselected nominees (if possible, otherwise it will be assumed that they wish to nominate) and ask if they wish to nominate for the B Grade draft.
- 11.3.7.1.4 Once the B grade draft has been finalised, the Vice President will contact all unselected nominees (if possible, otherwise it will be assumed that they wish to nominate) and ask if they wish to nominate for the C Grade draft.

11.3.8 Mid-Pennant draft

- 11.3.8.1.1 A mid-pennant draft will only occur when exceptional circumstances arise, at the discretion of the TUHA Committee. Such circumstances may include, but are not limited to:
 - Arrival of new players (from interstate or overseas);
 - Players returning from injury;
 - Teams disbanding.
- 11.3.8.1.2 In the event of a mid-pennant draft, draft position will be determined by team position on the ladder at the completion of the last full round of games.

11.3.9 Incomplete or suspended pennant

- 11.3.9.1.1 In the event of a pennant not commencing or being abandoned without finals being played, the following will occur in regards to the draft for the following pennant:
- 11.3.9.1.2 If less than 8 weeks of the pennant have been completed the draft order from the beginning of the pennant will be followed, excluding those teams that have already taken players in the draft, or subsequently in the pennant. Players that are unregistered at this point but are named in the team list will be eligible to enter this team the following pennant, but will be deemed to be returning players for the purposes of the draft.
- 11.3.9.1.3 If 8 or more weeks of the pennant have been completed the draft order will be based on the ladder position of the teams when the pennant was terminated, as per sections 10.5.6 and 10.5.7. Any player who is unregistered but named on a team sheet will be deemed a returning player.

11.3.10 Committee intervention in draft or player placement

- 11.3.10.1.1 The TUHA Committee reserves the right to work outside the draft guidelines, if felt warranted, but this must only be done for the betterment of the grade as a whole, rather than to benefit particular individuals or teams.

11.3.11 Team disbanding

11.3.11.1.1 In the event of a team in any grade disbanding, a Captains meeting should be convened for that grade to discuss options, including redistribution of players if required. Should the meeting decide that a 'reshuffle' of teams is warranted, or desirable, a further Captains meeting may be held to implement this.

11.4 Player trades

Player trades can occur in two ways:

1. Player for player trade;
2. Player for draft position.

11.4.1.1.1 Captains may choose to trade players, or players for draft position. This is done with the following conditions:

- Once a player notifies the TUHA committee that they are placing themselves in the draft then they are no longer able to be traded.
- All player trades involving draft position should be supplied to the TUHA Vice President at least 48 hrs prior to the relevant Captains meeting, to enable the draft order to be compiled and finalised prior to the meeting;
- All player trades will be ratified by a majority of Captains within that grade;
- A team choosing to accept a player in lieu of a draft choice will lose their position in that round of the draft, while the team receiving the draft choice will have two picks within that round of the draft.

11.5 Returning players

Any player that has been unregistered for a pennant, will be considered a returning player. This includes players retained in a team list.

With agreement by a majority of the captains in the relevant grade, a returning player will be allowed to return to their last registered team if his/her absence has been due to:

- Maternity, up to 2 years absence or 4 pennants (whichever is shorter);
- Injury, up to 1 year absence or 2 pennants (whichever is shorter);
- Work commitments, up to 6 months absence or 1 pennant (whichever is shorter);
- Travel, up to 6 months absence or 1 pennant (whichever is shorter);

However, the team the returning player(s) are returning to will forfeit their first available draft pick, unless the captains of the relevant grade or TUHA committee agree to waive this requirement.

Otherwise, the returning player should re-enter the competition in one of the following ways:

1. Via the draft process at the relevant Captains meeting;
2. Being allocated to the team (that requires a player) that is next in the draft order, if the player is returning after team lists have been finalised for the pennant;
3. With agreement of the majority of Captains in the relevant grade, and with endorsement from the Committee, the returning player may join the team that 'canvassed them to return' or join a team of their choosing. However, the team receiving the returning player may be required to forfeit their next available draft pick (at the next Captains meeting).

11.6 Team 'reshuffles'

Notwithstanding the role of the TUHA Grading Committee (where this Committee is functioning), as detailed in Section 11, the TUHA Committee may at times require a reshuffle of a whole grade, or a re-grading of individual players or entire teams.

This should be done in consultation with affected grades/teams/individuals wherever possible, and every effort should be made to ensure it does not occur during a pennant.

The TUHA Committee, if required, can gauge the level of player support for a reshuffle in a particular grade via a suitable means (survey or poll). If a majority of players within the grade support the proposal the TUHA Committee must then decide how to proceed with the reshuffle.

12 Grading Committee

12.1 Role of the Grading Committee

Where required a Grading Committee will be implemented by the TUHA Committee.

The primary objective of the Grading Committee is to facilitate a balanced and even competition by ensuring that teams within a grade are evenly matched and that players play in a grade suitable to their skill and fitness level.

The composition of the Grading Committee (up to 5 persons) will be as follows:

- A Chair, who will be the TUHA Vice President or another member of the TUHA Committee
- The TUHA Development Officer;
- Where required, up to three other individuals per grade, nominated by the TUHA Executive Committee.

Individual members of the Grading Committee should not be involved in considerations of players that are in their respective teams.

The Grading Committee Chair will also act as the TUHA Placement Officer, but he/she may delegate that role to another member of the TUHA Committee or of the Grading Committee (Usually the TUHA Development Officer).

The TUHA Placement Officer is the contact person for:

- New players who wish to join a pennant team;
- Existing players who wish to change grades or teams;
- Team Captains wishing to recruit players; and
- Players who wish to play as Recruits in a higher grade.

12.2 Grading Committee tasks

The Grading Committee will perform the following tasks:

- Identify players who are playing in a grade inappropriate to their skill or fitness level;
- Arrange transfer of those players identified above to a more suitable grade;
- Identify teams that are either too strong or weak within each grade;
- In consultation with the team Captains, aim to provide various solutions to address any identified 'problem' teams;
- Examine any complaints (in writing) from within a grade in connection to players or teams reported to be too strong or too weak.

12.3 Grading Committee authority

The Grading Committee will have no power to enforce changes. Where a recommendation of the Grading Committee is disputed, it will be referred to the TUHA Committee for assessment. Following assessment of any Grading Committee recommendations, the TUHA Committee can make these binding.

12.4 Grading Committee Meetings

Where required the Grading Committee will meet at the start of each pennant and mid-pennant (or as often as required) to deal with grading issues. No Grading Committee decisions will take effect until the end of the current pennant unless the affected player agrees to the proposed changes and consents to a grade change for the remainder of the pennant.

13 TUHA team captains

13.1 Introduction

This section outlines the roles and responsibilities of the individual team Captains.

13.2 Duties of team Captains

Captains of TUHA teams are expected to undertake the following duties on behalf of their teams on pennant nights:

- Ensure that the team sheet for their team is completed (legibly) prior to the start of each pennant game, listing the full names of ALL persons playing for the team in that game, clearly identifying the captain (C) and Vice-Captain (VC), with the appropriate notation next to their names. The Captain must also identify on the team sheet any Recruit (R), Reverse Recruit (RR), or visiting/casual players, with appropriate notation next to their names.
- Ensure that individuals performing the role of poolside referee (i.e. Deck Referee) fully complete all of the following team sheet requirements:
 - All details are recorded legibly.
 - Referees' complete names are listed (not just first names and/or nicknames etc.).
 - Goals totals are recorded and verified with the in-water referees at the end of the game.
 - All time penalties are recorded against the relevant player(s), and where possible, the reason for the time penalty should be recorded in the Scorers Comments section of the teamsheet;
 - In consultation with the In-water Referees at end of the game, Best and Fairest votes are recorded on the team sheet as 3, 2, and 1 vote. Players who have received a time penalty in the game cannot receive votes, and Reverse Recruits are also not eligible to receive votes).
 - Only comments that are directly relevant to the game are recorded in the Captains Comments and/or Scorers Comments sections on the team sheet.

[NOTE: A one (1) point penalty, to be deducted from a competing team's total points, may be applied where the teamsheet is incorrectly/inadequately completed prior to the commencement of a pennant game e.g. where one or more player name(s) have been omitted, use of nicknames or only first or surnames, or for any other form of incorrectly/inadequately completion of the team sheet. Such penalty may also be applied to the reffing team if the deck referee has not adequately completed her/his duties in regard to the full completion of match details on the teamsheet, as outlined above.]

- Encourage their team members in all facets of play, especially fair play.
- Ensure that their team supplies all required referees when the team is rostered for team refereeing duties, including covering for missing Guild Referees.
- Ensure that referees from their team (both In-water and Deck Referees) enter their names in the appropriate place on the game's team sheet. At completion of the game, the In-water Referees and the game's Guild Referee (if one is present) should confer to select the three (3) players from the game who they considered 'Best and Fairest' (i.e. had no personal time penalties, are not Reverse Recruits and have had minimal infringements) and ensure the Best and Fairest votes are recorded on the game team sheet by the Deck Referee.
- When playing the first game on any night, ensure that all the team's players assist, in an efficient and timely manner, with installation of the walls in the relevant playing court, so that the game can commence on time at the designated start time.
- If playing in the last game time slot on any night, ensure that all the team's players assist with removal of the walls and goal trays to the pool deck at the end of the game.
- Ensure that on pennant nights when their team is rostered as the 'Set up' or 'Pack-up' team, that all team members assist with pack-up duties, including the careful placement of the walls and goal trays (from all playing courts) on the trolley and with the move of the trolley to the designated storage area, and also with pack up and storage of all other equipment.

More broadly, a team Captain is also expected to:

- Respond in a timely manner to requests from the TUHA Committee, particularly in regard to team composition, player movements, and with other information required to formulate team lists prior to Captains meetings;
- Represent his/her teams at Captains meetings and to notify (in writing) the TUHA Vice President if he/she is unable to attend and to name a proxy if the team Vice-Captain is also unable to attend.
- Assist the TUHA Committee with the allocations/movements of players to and within the grades, to promote a fair and balanced competition;
- Accompany players from his/her team to any Tribunal hearing.

13.3 Carry-over of penalty points

Given that other teams may be affected, if a team Captain does not perform all of her/his designated duties (e.g. in particular, not meeting the rostered refereeing duties of her/his team), the non-performance of such duties will result in the loss of team points for that pennant.

At the discretion of a majority decision of the TUHA Committee, team penalties may be carried over to the following pennant, should a penalizable event occur in the last five (5) weeks of a pennant. The penalties for not carrying out rostered team duties are listed at *Section 13* of this document.

13.4 Failure to perform duties

In the event that a team captain fails to discharge their duties on a consistent basis, the TUHA committee (where decided by a majority vote) reserves the right to request that members of a team choose another captain.

14 Team penalties

14.1 Team duties

In order for the underwater hockey competition to run smoothly, it is essential that all teams and individuals assist where required. Although the TUHA Committee attempts to keep team workloads to a minimum, there will be occasions where teams are 'rostered on' to perform some duty or another - such as providing referees, assisting with set-up or pack-up of playing areas, etc. To avoid disruption to Pennant nights, it is essential that these duties be performed.

14.2 Game Result Collusion

- In the event that the TUHA Committee feels that there has been a contrived result in a game or an endeavour to do so, such as but not limited to; teams forfeiting when sufficient players are available, thus improving a teams standing;
- Captains of teams 'approving' players that are not eligible to play in that grade.

At least three members of the Committee, including at least two of the Executive (with no interest in the game or potentially the grade) will meet and discuss the incident.

The TUHA Committee reserves the right to undertake the following,

- Warn one or both teams involved;
- Apply penalty points to one or both teams;
- Call the game a double forfeit, with no points awarded to each team;
- Other penalties as the Committee sees fit.

14.3 Team penalties

Teams will be penalised for the following:

- Incorrect completion of team sheet, including but not limited to failing to nominate all players for any game or for use of incorrect names;
- Failure to complete all details on a team sheet (as listed in 12.2) when required to undertake Deck Referee duties
- Failure to register on the team sheet the names of any players from a different grade or visiting players, with their registered grade showing beside their name in brackets and whether they are a visiting player (X), Recruit (R) or Reverse Recruit (RR) noted next to the name;
- Failing to provide Team Referees when rostered to do so (noting it is the team's responsibility to provide ALL referees should the Guild Referee not be able to attend for any reason);
- The late arrival of Team Referees (penalty dependent on how many minutes late – see table below) for a game they are rostered to referee;
- Playing an unregistered player (see *Section 8*). This will result in a loss of 4 penalty points for the offending team;
- Playing a player who isn't a financial member of the AUF.
- Failure to attend, or provide a proxy for Captains meetings or other meetings as required by the TUHA Committee.
- Failure to field sufficient players registered for the team. A team must have at least four (4) registered players present at the poolside by the time the Referees are ready to commence play. Failure to do so will result in a game forfeit for that team.

14.3.1.1.1 TUHA Team Penalty Table

Description	Penalty (game points)

---	---------------------

14.4 Recording of penalties

- 14.4.1.1.1 The Deck Referee must provide details regarding any penalties in the relevant place on the team sheet when those penalties occur and must notify the Desk Attendant or any Committee member following completion of the game.
- 14.4.1.1.2 Penalty points will be deducted from the offending team's total points tally by the Vice President or his/her delegate when the Pennant weekly ladders are updated.

14.5 Penalty point application

- 14.5.1.1.1 As noted in *Section 12.3*, where a team incurs penalty points during the last five (5) weeks of a pennant, these may be carried over to the next pennant if a majority of the TUHA Committee determine that this is appropriate.
- 14.5.1.1.2 This would usually only be done when the Committee considers that the incident(s) which resulted in the penalty points was of a sufficiently serious and intentional nature (e.g. a team attempting to manipulate in some way the standing of that team on the Pennant ladder).

14.6 Penalty points and draft order

- 14.6.1.1.1 Penalty points will be included in a team's total points tally when determining the team's position in the order of teams for the relevant grade's player draft.
- 14.6.1.1.2 For teams that the addition of penalty points would have placed them in the finals for that grade, or in a higher position, their draft position will be determined by the where they would have stood on the ladder at the completion of the round robin, unless they finish the finals in a higher position (i.e. a team actually finished fourth, but with two penalty points added would have been third. however goes on to win the roster, they would receive the last pick)
- 14.6.1.1.3 Where a team accrues eight or more penalty points in the course of a pennant, that team will be placed at the end of the draft order (i.e. last pick)
- 14.6.1.1.4 In the event of two or more teams accruing eight or more penalty points, then the team with the most points will finish furthest down the draft order (i.e. last pick)
- 14.6.1.1.5 Where two or more teams have accrued an equal number of penalty points and have accrued 8 or more penalty points, then the team that has the highest number of wins will get the earlier pick

15 TUHA Pennant Ladder

Team positions in the TUHA pennant ladder will be determined as follows:

- 1 The winning team will be awarded 4 points;
- 2 The losing team will be awarded 2 points;
- 3 In the event of a drawn game, both teams will be awarded 3 points;

In the event of a forfeited game:

- 1 The team that has forfeited the game will be awarded no points or goals;
- 2 The team that has had its opposing team forfeit the game will be deemed to have won the game and be awarded 4 points and 5 goals.

At the completion of the rostered pennant games, the ladder positions for each grade will be determined by the following:

- 1 Total points, with team with highest number of points assuming first position;
- 2 Where two or more teams have the same number of total points, the rankings for those teams will be determined by the ratio of goals scored to the number of goals conceded, or percentage;
- 3 Where two or more teams have the same percentage at the completion of the pennant roster games, the team(s) that received the least number of time penalties (i.e. players sent to 'sin bin') during the pennant will finish highest in the rankings.

16 General information

16.1 Working with Vulnerable persons accreditation (WWVP)

All persons appointed to positions or officials associated with players under 18 must hold WWVP endorsement, and be current for the duration that they will be responsible for those teams or individuals.

This includes members that are co-ordinating or overseeing schools-based competitions or officials associated with junior players in state teams.

16.2 Minimum Age

TUHA has a minimum age requirement of 14 for participation in the TUHA pennant (A, B or C grade). Under exceptional circumstances players may be assessed on a 'by case' basis.

This assessment will proceed in the following manner,

- Application will be made in writing to the TUHA committee (from the parent or guardian of the individual), detailing reasons for application.
- Individual(s) will be assessed by the TUHA committee for suitability for participation in the TUHA pennant competition, this assessment will be undertaken by either;
 - TUHA Development Officer, and
 - TUHA member as nominated by the TUHA Committee (preference for individuals with accredited UWH coaching qualifications, and have been involved in the TUHA junior program)
 - This assessment may /may not be an in water assessment, or may be a consideration of the individuals known ability and skills observed either during junior sessions or training nights.
- Once a decision has been reached this will be reviewed by the TUHA MPIO and assessors, and the TUHA committee will be advised of the outcome of deliberations, this will then be communicated to the applicant.

16.3 Playing conditions

16.3.1 Puck caught behind or underneath the goal tray

If during play the puck gets caught behind or underneath a goal tray the In-water Referees will halt play, position the puck 5 metres directly out from the back wall in line with where the puck was caught, and resume play with an Equal Puck.

16.3.2 Mouthguards

It is strongly recommended that all players (including both local and visiting players) in TUHA competitions wear a mouthguard at all times whilst playing. This may be either an internal or an external mouthguard. Players choosing to not wear mouthguards will do so at their own risk. This includes all junior/schools competitions. Wearing of a mouthguard (either internal or external) is mandatory for all TUHA representatives/players in national competition.

16.4 Start of game

16.4.1 Minimum number of players

- 16.4.1.1.1 A team must forfeit a game if they are unable to field four (4) of their registered players by the poolside by the time the Referees are ready to signal the start of their game. As a courtesy to opposition teams, if a team Captain is aware, prior to arriving at the pool, that his/her team is in a forfeit situation due to insufficient players, he/she should advise the opposition team's Captain as early as possible. (note for A Grade in pennant 2 2024, this has been reduced to 3 registered players this will revert to 4 in subsequent pennants)
- 16.4.1.1.2 Note: If a team has no option but to forfeit due to insufficient players, that team is still obliged to meet any refereeing duties that the team is rostered for on that particular evening, or at very least, to arrange alternative referees through consultation with the TUHA Chief Referee. If the team fails to arrange alternative referees, they will be liable for a team points penalty as detailed in *Section 13.2.1*

16.4.2 Commencement of game

Once playing time for a game has commenced and at least one team has a minimum of four players in the water, then the Referees should signal the start of play.

16.5 Player finals eligibility

16.5.1 Players in their registered grade

- 16.5.1.1.1 For a player to be eligible to play for their primary registered team in the Pennant finals, the following conditions apply:
- 1 The player must have played a minimum of
 - 1.1 Five (5) games for that team during the Pennant (in a fifteen-game roster).
 - 1.2 Four (4) games for that team during the Pennant (in a twelve-game roster).
 - 2 This does not apply for Recruit players in the team, for whom there is no minimum games limit;
 - 3 The player must be a registered member of TUHA as per Section 7.1.4, points 1 to 6;
 - 4 The player must have been a registered member of TUHA (5 game passes are acceptable) for all games played in that Pennant.
- 16.5.1.1.2 The TUHA Committee will consider an application from a Team Captain or player for the minimum games condition (no.1 above) to be relaxed and the Committee may, if deemed appropriate, grant approval for a player who has played less than five games to play in the Pennant finals for that team.
- 16.5.1.1.3 For such an application to be considered by the Committee, the player must, at the time of the application, be a registered member of TUHA as per section 7.14, points 1 to 6. The player must also have played at least one game in the roster during that Pennant.
- 16.5.1.1.4 Any such application must include all relevant details about the player and his/her situation, and must be received by the TUHA Committee at least 4 days prior to the finals commencing (i.e. by COB on the Saturday prior to the 1st and 2nd Semi-finals, if these first finals are to be played on the following Wednesday) to enable the Committee sufficient time to consider the application.
- No applications will be considered after this deadline.
- 16.5.1.1.5 If, following the Committee's consideration of such an application, a player is deemed eligible to play in the finals, all Captains in that grade will be notified of the decision.

16.5.2 Recruits (all)

There is no minimum game requirement for a Recruit player to play in the finals, but he/she must have been officially registered as a Recruit for the team in which he/she wishes to play.

16.5.3 Players in a higher grade than they are registered

A player who has played at least one game for a higher graded team (i.e. higher than his/her registered team) may play for that higher graded team in a final

16.6 Players playing in teams other than their own

16.6.1.1.1 A player may play a total of five (5) additional games (in total, across all teams and grades) in teams other than his/her registered team, and those games may be in addition to games played as an official Recruit, and games played in TUHA approved development teams (such as the Femme Fatales) subject to the following:

- A players may NOT play in a grade lower than their registered grade, unless as an officially recognised Reverse Recruit;
- A players may ONLY play for another team in their registered grade with the permission of the opposing team Captain;
- A team may include one or more players (as “substitute players”) from a lower grade without permission from the opposition team’s Captain if the TOTAL number of players who will be playing for their team will be 6 or less, including the substituting player(s). However, before the game commences that team’s Captain should notify the opposition team’s Captain of the intention to play with the lower grade players as substitutes;
- A team Captain must gain permission from the opposition team’s Captain to use a player from a lower grade if the TOTAL number of players who will be playing for their team will be 7 or more including the substituting player(s);
- A team Captain must gain permission from the opposition team’s Captain to use any visiting player;
- In a situation where a team is utilising a substitute player(s) and a regular, registered member of that team arrives late to play after the match has started, bringing the TOTAL number of ‘official’ team players to 7 or more, then the team Captain must obtain permission from the opposition team’s Captain to continue using the substitute player(s). The obtaining of permission must be done during a natural break in play, and be done BEFORE the late arrival player can enter the water.

16.7 Incomplete Pennants

16.7.1 Winners of Pennant

16.7.1.1.1 In the event that a pennant is not completed with less than one complete round completed for the grade, then no team will be deemed to have won the pennant.

16.7.1.1.2 If however a complete round has been completed for the grade (i.e each team has played each other once), then the team on top of the ladder, as laid out in section 14 will be deemed the winner of the pennant without finals being played.

16.7.2 Changing of roster and playing conditions

The TUHA committee reserves the right to adjust the roster or playing conditions to enable the completion of a pennant,

This includes but is not limited to

- Shortening game times
- Requiring teams to play two games a night
- Reducing the number of games in a pennant
- Shortening or adjusting the normal routine of a finals series
- Adjusting referees and refereeing duties

16.8 Development teams

The TUHA Committee may decide to include teams for development or group training (for example a junior women’s team (Femme Fatales in B Grade) within a specific grade competition where it is possible to do so

without additional financial impost to TUHA, and where doing so will not create an imbalance within the pennant for the relevant grade. The TUHA Committee will outline the individual requirements for the Development team in question, to meet their obligations (e.g. refereeing duties) to the Association and to the grade.

With respect to rostered duties throughout a pennant, Development teams will be 'treated' as a normal team within the grade and therefore must meet their obligations for rostered refereeing duties and those for set-up and pack-up.

In games involving Development teams:

- If the Development team is the winning team, they will not be awarded team points. The opposition team, contingent on meeting the player requirement detailed below, will be awarded the four (4) team points and a score line of 5 goals – 0 goals, regardless of whether they have won or lost the game;
- Best and Fairest player votes will not be awarded.

For a team playing against a Development team to receive the abovementioned game points and scoreline, that team must field a minimum of four (4) of their registered players. However they may also use other players, as substitutes, from other teams within the grade or from lower grade teams, to achieve a team of up to 10 players. This can be done without the approval of the Development team's Captain.

If a team is rostered to play against a Development team and does not field a team for the game in question (as per the player requirements detailed above), that team will be deemed to have forfeited the game (i.e. the game will be treated as an official forfeit).

A team rostered to referee a game involving a Development team will be required to provide referees (including Deck Referee) as per any normal pennant game. Failure to do so will see standard penalties apply.

The Deck Referee is required to record all details of the game, as per normal, with particular reference to player 'kick outs' and any other offences. All kick outs and reports for misconduct will be recorded in these games. In respect of reportable offences, Tribunal hearings, penalty points etc., a game involving a Development team will be treated as a normal pennant game.

- 2 Players need not have received a time penalty to be deemed ineligible to receive Best and Fairest votes for a game. 18.2 Playing for multiple teams

Best and Fairest votes awarded to a player playing in a team other than their registered team will NOT count towards his/her Best and Fairest vote total in their registered grade. This includes Best and Fairest votes awarded to Recruit and Reverse Recruit players.

18.3 Multiple winners

Should two or more players receive an equal total number of Best and Fairest votes in their respective grade for a pennant, then the Best and Fairest Award will be awarded to both the players, as co-awardees.

20.2 Appendix 2 - A Grade Talent Pool

20.2.1 Introduction

In order to facilitate the inclusion of a sixth team for A grade for Pennant 1 2024, The A Grade captains agreed to suspend the normal procedure for recruiting players into A grade and replace this process with an identified pool of talented junior players that are available to fill in for A grade teams (as well as within their respective B and C grade teams).

There will be no additional recruits added to A grade teams for Pennant 1 and 2 2024, however existing recruits are not affected by this change.

This appendix will replace the provisions in section 10.2 of this document.

The A Grade Talent pool will remain in place until removed by the TUHA Committee.

20.2.2 Purpose

The intent of this changes is to;

- a) Provide an opportunity for talented players to be able to play A grade.
- b) At the conclusion of each pennant allow those players that are identified as at a suitable standard to be placed in teams
 - a. That are suited to individual players.
 - b. That will provide the maximum benefit for the overall competition.

The following rules will apply to the A Grade talent pool

- Individuals within the pool are required to play for the team that they are registered in, the normal penalties will still apply if this does not occur.
- Where C grade players are a recruit in a B Grade team, they are required to fulfil their duties to that B Grade team, the B grade team may however choose to release them to the A grade game.
- No player in the pool can play more than 5 games with any team in A grade.
- No player within the pool can play more than one A Grade game each week.
 - Where possible teams should even out player numbers where pool players are used (upwards of 6 players)
- A Grade captains are expected to balance team numbers utilising players from the pool,
- Where Teams are utilising a recruit(s) from the pool, team numbers are capped at 8, however if A grade teams have more than 8 or more regular players (Registered A Grade) able to play, then this cap doesn't apply.
- Individual teams are still required to still have 4 registered A grade players (or official recruits) players present in order to avoid a forfeit
- All new players entering the pool (post completion of Pennant 1 2024), need to be at a minimum a recruit in a B grade team, (this does not include players who entered the pool during Pennant 1 2024).

Prior to Pennant 1 2025, and for subsequent pennants while the A Grade talent pool remains in place the following will occur.

- A Draft of up to 6 players (may be reviewed at a later date) will be selected to become recruits for individual A Grade teams, these players will remain recruits for at least one pennant before becoming solely A Grade players.

- At the conclusion of Pennant 1 2025 they will become permanent members of their respective A Grade teams if they are deemed to be A Grade capable by the captains of A Grade.
- This process will then continue at the conclusion of each subsequent pennant which will include more players as they develop joining the A-Grade player pool to enable advancement of their underwater hockey.

20.2.3 Duration

This arrangement will be in place for pennant 1 and 2 2024 and will be reviewed by the TUHA Committee and A Grade captains at the completion of Pennant 2 2024, at which point this arrangement may be extended, if not the normal rules as per section 10.2 will be applied.
